**To:** 'gradsup@ucsd.edu' (gradsup@ucsd.edu); gradcoords-l@ucsd.edu  
**Cc:** Graduate Fellowships  
**Subject:** Action Requested: Chart Strings for Graduate Fellowship Stipends & Fees

Good morning -

Beginning on Monday, 10/26/20, the Graduate Division's [Financial Support Request Tool](#) (FSRT) will no longer accommodate requests for new AIDIDs/chart strings.

Instead, the draft fellowship screens in the FSRT will display a link to the new **Graduate Support Detail Code / AIDID Request Form** (<https://forms.gle/PcozaU2fJ6fcNbse8>).

For requests in the FSRT on new chart strings submitted between (roughly) 7/1/20 and 10/23/20, FSU now needs to collect additional chart string segments and reverse-mapped indexes where applicable.

**Why this change was made:** to accommodate the integration between ISIS and OFC, and to prepare for [ProSAM IAM](#) implementation (FY2122) / [ESR-SIS](#) implementation (FYtbd).

**What you need to do:** In the Graduate Support Detail Code / AIDID Request Sheet (<https://docs.google.com/spreadsheets/d/1twDkiFrWoE8bsTAURqRf7DMildBb32iDo-2AOzVHbnM/edit?usp=sharing>), review "Requests through 10/23/2020" tab for outstanding requests submitted for your department/students, and provide the required chart of account information.

**When this is due:** Monday, 11/2/20

**For more information:** please see the "Instructions / FAQ" tab in the Graduate Support Detail Code / AIDID Request Sheet. (<https://docs.google.com/spreadsheets/d/1twDkiFrWoE8bsTAURqRf7DMildBb32iDo-2AOzVHbnM/edit?usp=sharing>)

Please feel free to share this email with your department financial staff as is helpful.

Thank you for your partnership and patience as we make iterative process improvements to accommodate ESR projects!

**Tiffany Swiderski**

Director, Graduate Student Financial Support  
Graduate Division, UC San Diego
