Student Housing Opportunity for Recruitment Enhancement Program

Congratulations on being nominated as a participant in the Student Housing Opportunity for Recruitment Enhancement Program (SHORE)! This is a special program for outstanding, incoming graduate students. Please review the following information carefully, along with the Frequently Asked Questions and the Graduate and Family Housing website before making your decision to accept the offer.

Program Provisions

- Participants in the SHORE Program, bypass the Waiting List and are guaranteed housing by the start of their program. Housing is available for incoming Fall 2022 graduate students nominated for SHORE by their academic program with priority access to housing prior to Fall quarter.
- SHORE recipients must be enrolled full time while living in graduate housing or on an approved Leave of Absence.
- Graduate housing residency must remain continuous to maintain SHORE eligibility. Moving out of graduate housing will end SHORE benefits.
- SHORE offers may be rescinded by the department and/or Graduate Division after 7 days of the offer.
- Community options for SHORE recipients include: Mesa Apartments, Mesa Nueva, Nuevo East, Nuevo West, and One Miramar Street.

Move-In Dates

- Students who participate in SHORE may take possession of an apartment between mid-July and September 30th, 2022 based on requested move in date and availability of apartments as deemed by the Graduate and Family Housing Office. Some spaces may be available earlier on a limited basis. We recommend selecting the earliest possible move in date that fits your needs.
- All rental charges begin on the date listed on the Rental Agreement, which is determined by the Housing Office. This date may not be your exact move in date. The rental agreement start date may be two weeks prior or two weeks after your requested move-in date.

Roommate Selections

- Roommates will be either SHORE participants or other UC San Diego graduate students.
- Roommate information will be emailed once you sign your Rental Agreement.
- SHORE single applicants receive a shared space in a 2 or more bedroom apartment.
- SHORE committed couples are offered a full apartment.
Next Steps

- If you have not done so already, recipients of the SHORE program must submit a Housing Application on-line.
- Once you submit an application, housing will contact you with an offer 30-60 days before the desired move-in date listed on your housing application. Offers are made via email and processed through the Graduate and Family Housing portal.
- Once an offer is received, you are required to respond to the Graduate and Family Housing offer within 48 hours.
- SHORE recipients must accept their first housing offer. Once the offer is accepted, you will sign your month-to-month rental agreement.
- Each SHORE recipient is viewed as a primary resident with equal rights to the apartment.
- This agreement offers housing to the SHORE recipient housing for Fall 2022 for up to six continuous years, only if enrolled fulltime.
