SUBJ: Graduate and Family Housing Updates Presentation

Dear Graduate Chairs, Advisors, and Coordinators,

On Monday, Nov. 15, HDH presented Graduate and Family Housing updates to the Graduate and Professional Student Association. As a courtesy, I am sharing the information they presented with you: [view the presentation here](#).

UC San Diego's on-campus graduate housing rates remain below the local rental market and below the University of California average, despite having an inventory that is much larger and much newer. UC San Diego housing rates were already 20% below market in 2020. The market rate significantly rose in 2021, which has further increased that percentage. Future rate increases will be capped at 3% annually starting in July 2022. (To view rates by communities, [please click here](#).) This will allow for a more predictable housing rate as students plan their budget for graduate studies.

I encourage you to reach out to the Graduate and Family Housing office if you have any questions. They can be reached at gradfamilyhousing@ucsd.edu or 858.534.GRAD (4723).

Thank you.

James Antony
Dean, The Graduate Division

UC San Diego occupies the un-ceded territory of Kumeyaay Nation. Today, the Kumeyaay people continue to maintain their political sovereignty and cultural traditions, and are vital members of the San Diego community. We acknowledge their great contributions to the region and the university's responsibility to honor and serve this community.
