Good Afternoon,

For biweekly paid employees, there are two times a year when flat dollar deductions are not deducted from paychecks. Specifically, there are normally twenty-six (26) biweekly paydays per year, with two biweekly paydays each year (referred to as deduction holidays) which have no flat dollar deductions taken from paychecks.

The Benefit Deduction Holidays in 2020 will be on the following pay dates:
- April 29, 2020. This was previously scheduled for 6/10/20 and has been moved to bring us into alignment with UCPATH. AFLAC Supplementary Insurances will be deducted on this biweekly pay day.
- September 30, 2020

This impacts biweekly paid employees and results in the same number of deduction holidays in 2020.

Thank you for your support and cooperation. We hope you are well and safe.

The Payroll Office
